OFP SOL-EX Coatingremover

Category Code: A1

NSF Registration No. 172735

This product is acceptable for use as a general cleaner (A1) on all surfaces in and around food processing areas, where its use is not intended for direct food contact. Use of this product in food processing or handling facilities requires that all food products and packaging materials be removed or protected prior to product use. A potable water rinse of cleaned surfaces is required after use of this product. When used according to manufacturer's instructions, the cleaner shall neither exhibit a noticeable odor nor leave a visible residue.

This letter is confirmation that the formulation complies with the NSF Guidelines. At your request, the product will not be listed on the NSF website. The product Registration can be verified by contacting NSF directly. Distributors brands can be sub-registered without disclosing the formulation by having distributors specify the NSF Registration Number in their applications.

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
